Section A – Reading

Q1. Read the passage carefully and answer ANY FOUR of the questions that follow:

(1×4=4)

Bees live in a house that is called a hive. There are three kinds of bees: workers, drones, and queens. Only one queen bee can live in each hive.

Bees are very wise and hard-working little creatures. They all join together to build cells of wax for their honey. The drones do not work. Before winter comes, all the drones are driven out from the hive so that they don't eat the honey which they did not gather.

The cells which bees build are all of one shape and size. The cells are not round. They have six sides. It is not safe for children to handle bees. Bees have a painful sting that they use for their defense.

i) Name the three kinds of bees.
